

An-Bao Xu (Ph.D.)

Associate Professor

Wenzhou University
College of Mathematics and Physics, Office: 3A405
✉ xuanbao@wzu.edu.cn

Education

2013.09- **Ph.D.**, Hunan University, College of Mathematics.

2017.07

2010.09- **M.S.**, Guilin University of Electronic Technology, School of Mathematics and

2013.07 Computing Science.

2006.09- **B.S.**, Xianning College (now Hubei University of Science and Technology).

2010.07

Professional Information

Work Experience

2023.12.- **Associate Professor**, Wenzhou University, College of Mathematics and
present Physics.

2017.07- **Lecturer**, Wenzhou University, College of Mathematics and Physics.

2023.12

Academic Visit

2016.11- **Visiting Student**, Chinese Academy of Sciences.

2017.05

2014.08- **Joint PhD candidate**, Auburn University, USA.

2016.08

Research Interests

- 1 Numerical Linear Algebra
- 2 Privacy Computing
- 3 Optimization
- 4 Deep Learning

Participation and Hosting of Foundation

2019.01– **Research on the Parameterized Thresholding Algorithm for Com-**
2021.12 **pressed Sensing and Matrix Completion**, *National Natural Science Foun-*
dation of China (Youth Program) , (11801418).

Host

2014.08– **Joint PhD candidate**, *National Scholarship for Building High Level Univer-*
2016.08 *sity*, (201406130046).

Host

Hosting of Research Topic (Special Issue)

Topic Editor, *Frontiers in Applied Mathematics and Statistics: “Advances in Tensor Low-Rank Modeling for Data-Intensive Applications”*.

Host
